EVALUATOR

Rate against this age group, not against older players.

A tryout shows where a player is today. **Ice IQ** shows whether they are improving: log each game in under two minutes and an AI coach turns it into one concrete thing to work on next. Free to start.

BIGGEST STRENGTH

Something the player can be proud of. Be specific.

ONE THING TO WORK ON

Just one. A player can act on one thing; five get ignored.

 Want to see if that one thing improves? **Ice IQ** tracks a player game by game and compares them with their own season average, never with other kids. Free to start.
